

Prowler VT1000

For Sale!

Don't miss this sharp, sleek, quick and comfortable cat!

The Prowler 1000VT has our unique VT hull shape. The very wide hulls give you unbelievably good accommodation and easy access into the hulls as it is shallow with no head bumping issues. The flat hull bottom gives the boat high speed potential. With twin 2 x 225hp Suzuki outboard engines, she cruises at 17 knots with a top speed of 32 knots. Fuel consumption is 2.8 litres per nm between 15 and 25 knots. She has two queen size berths forward with lots of cupboard space and a double cabin aft in one hull, the large bathroom with separate shower and toilet is aft in the port hull. She has two queen size berths forward with lots of cupboard space and a double cabin aft in one hull, the large bathroom with separate shower and toilet is aft in the port hull.

An inside steering station has great visibility and for good weather or entering lagoons there is a fly-bridge steering station as well. The VT is extremely comfortable and seaworthy even in very rough conditions.

BOAT CURRENTLY LOCATED IN PORT STEPHENS.
