# *Alan Larkin*

# *"Attitude"*

We leave Cairns on Sat week, the 17th for the Louisiades, Attitude is sitting up in Cairns patiently waiting for us to catch up with work, and rejoin her next Monday.

Testimony to how well she sails, just Michele & I sailed her up to Cairns from Brisbane, and yes, we covered the 100 odd nm in daylight, which is just fantastic when you're doing a delivery with two people. The numerous beautiful anchorages along the Qld coast were a pleasure to drop the pick each night, and watch the sun set after a great days sailing. Skitting along in 25 kts of wind, double reefed main & heady, we felt very comfortable in two metre swells doing 18 kts, just exhilarating, especially with just two on board!!

The delivery proved Attitude everything we set out to achieve, with our wish list dovetailing nicely into your fantastic design. I believe Attitude gives you guys the opportunity to promote the G-Force range as a true performance cruiser, probably the best there is, not just a bare bones racer. And as you know better than most, when it comes to making these purchases, the saying "happy wife, happy life", certainly makes that decision easier.

Regards,

Alan
